

XTRACTA X1

FUME EXTRACTOR

MADE IN
EU

PRODUCT DATA SHEET

SMARTER FILTRATION. LESS DOWNTIME.

Engineered for demanding industrial environments, the **Betaweld XTRACTA X1** delivers a new generation of mobile fume extraction.

Featuring a **flexible extraction arm** and **M5-class cartridge filtration**, the XTRACTA X1 is designed to capture ultra-fine airborne particles in the 0.3-1 µm range, delivering highly effective filtration while helping keep the workshop environment cleaner and safer.

The result is a smarter extraction solution built around performance, mobility and productivity.

KEY FEATURES

- Articulated Extraction Arm allows for maximum manoeuvrability
- M5-Class Filters - for highly effective filtration
- Filter Contamination Indicator delivers real-time airflow monitoring
- Integrated Dust Drawer - safe and easy waste disposal
- Powder-coated body offers long-life protection and durability
- Lockable Wheels - for stable and secure operation

SUITABLE FOR

• MIG • TIG • STICK • Plasma • Gouging

APPROVALS

W3

Rating Compliant

SPECIFICATIONS

Part No.	6065
Primary Input Voltage	240V
Motor Output	1.5kW
Plug Type	10A
ISO	F
Protection Class	IP X0
Compliance	AS/NZS ISO 21904 Series
Air Suction Rate Maximum	3000m ³ /h
Filter Efficiency	99%
Filter Surface Area	6m ²
Nominal Current	4A
Warranty	3 Years*

SIZE & WEIGHT

Machine Weight	122kg
Total Weight with Arm	139kg
Dimensions [L x W x H]:	750mm x 650mm x 1285mm

*Excludes filters

XTRACTA X1 FUME EXTRACTOR

PACKAGE CONTENTS

PART NO	DESCRIPTION
6065	XTRACTA X1 Mobile Fume Extraction Unit
6161	Tensioner Tire
6162	Internal Acrobatic Arm 3m
6164	Hose 153mm (3.4m)
6165	Hood Without Damper
6170	M5 Cartridge Filter (2pcs)

* Other spare parts are available upon request
